Problem description

Due to lack of organization, old age or even mental illness people forget to take their medicine and/or to buy more when they're running out.

Target Users

- Parents
- Pet owners
- Old people
- People with temporary or permanent illnesses

Project Goal

Help people take and organize their medicine.

We will create a website that helps people keep track of their medicine (when to take them and when to buy more).

Competition

- Pill Reminder by Medisafe
- MyMedSchedule
- MyMeds
- RXmindMe
- Caring Village
